About MOKOBENJ

Shane and Bruce are proficient song writers for the band. Their song lyrics are positive, upbeat and radio friendly. They both share lead and backing vocals for all live and studio recordings.

Shane is an accomplished acoustic rhythm guitarist and percussionist. Bruce adds tasteful keyboard sounds from his electronica background which are not common in today's rock genre. Scott provides classic, melodic electric lead / rhythm guitar. The engine room of the band is made up of Ben on bass and Jason on drums. Their tight combination helps propel the band with their solid driving rhythms.

This unique group of five musicians with a diverse range of musical tastes all help to create the sounds that are Mokobenj.
